# LIMITED WARRANTY

Models: GDT, GMT, GMNT, GDS8, GHS8, GMV8, GMS8, GMS9, GCS9, GCV9, GMV9, GMS95 and GMV95

This heating or air conditioning product is warranted by Goodman Manufacturing Company, L.P. ("Goodman") to be free from defects in materials and workmanship under normal use and maintenance, as described below:

- The HEAT EXCHANGER is warranted for the **LIFETIME** of the original purchaser and his or her spouse, or for so long as either of them owns the home in which it was originally installed (whichever ends first), except as provided below. However, this lifetime warranty applies only if:

(1) The unit is installed in an owner-occupied, single-family residence, and

(2) The unit is registered with Goodman within 60 days after either the original installation or the closing on your home (if the product is installed in a new home). Registration can be completed online at [www.goodmanmfg.com](http://www.goodmanmfg.com) or by filling out the card accompanying this warranty.

- If the lifetime warranty on the HEAT EXCHANGER does not apply, the HEAT EXCHANGER is warranted for **20 YEARS**, except as provided below.
- All remaining parts are warranted for a period of **5 YEARS**, except as provided below.

Neither warranty continues after the product is removed from the location where it was originally installed.

Neither warranty applies to, and no warranty is offered by Goodman on, any product ordered over the Internet.

Regardless of time of registration, the warranty period begins on the date of the original installation. If that date cannot be verified, the warranty period begins three months after the month of manufacture (indicated by the first four digits of the serial number (yyymm)).

As its only responsibility, and your only remedy, Goodman will furnish (i) a replacement part, without charge for the part only, to replace any part that is found to be defective due to workmanship or materials under normal use and maintenance, or (ii) for a heat exchanger that is covered by the lifetime warranty and that fails in the first 10 years, a new, equivalent furnace. For warranty credit, the defective part must be returned to a Goodman heating and air conditioning products distributor by a state certified or licensed contractor. Any part replaced

pursuant to this warranty is warranted only for the unexpired portion of the warranty term applying to the original part.

These warranties do not apply to labor, freight, or any other cost associated with the service, repair or operation of the product.

These warranties are in lieu of all other express warranties. **ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS WARRANTY.** Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

**GOODMAN SHALL IN NO EVENT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO EXTRA UTILITY EXPENSES OR DAMAGES TO PROPERTY.** Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you.

Goodman is not responsible for:

- Damage or repairs required as a consequence of faulty installation or application.
- Damage as a result of floods, fires, winds, lightning, accidents, corrosive atmosphere or other conditions beyond the control of Goodman.
- Use of components or accessories not compatible with this unit.
- Products installed outside the United States or Canada.
- Normal maintenance as described in the installation and operating manual, such as cleaning of the coils, filter cleaning and/or replacement and lubrication.
- Parts not supplied or designated by Goodman.
- Damage or repairs required as a result of any improper use, maintenance, operation or servicing.
- Failure to start due to interruption and/or inadequate electrical service.
- Any damage caused by frozen or broken water pipes in the event of equipment failure.
- Changes in the appearance of the product that do not affect its performance.

This warranty gives you specific legal rights, and you may also have other rights that may vary from state to state.

# GMV95 TWO-STAGE GAS-FIRED WARM AIR FURNACE INSTALLATION INSTRUCTIONS

*Installer: Affix all manuals adjacent to the unit.*

(Type FSP CATEGORY IV Direct or Non Direct Vent Air Furnace)

These furnaces comply with requirements embodied in the American National Standard / National Standard of Canada ANSI Z21.47-CSA-2.3 Gas Fired Central Furnaces.

**RECOGNIZE THIS SYMBOL AS A SAFETY PRECAUTION.**

## ATTENTION INSTALLING PERSONNEL

As a professional installer you have an obligation to know the product better than the customer. This includes all safety precautions and related items.

Prior to actual installation, thoroughly familiarize yourself with this Instruction Manual. Pay special attention to all safety warnings. Often during installation or repair it is possible to place yourself in a position which is more hazardous than when the unit is in operation.

Remember, it is your responsibility to install the product safely and to know it well enough to be able to instruct a customer in its safe use.

Safety is a matter of common sense...a matter of thinking before acting. Most dealers have a list of specific good safety practices...follow them.

The precautions listed in this Installation Manual are intended as supplemental to existing practices. However, if there is a direct conflict between existing practices and the content of this manual, the precautions listed here take precedence.

\*NOTE: Please contact your distributor or our website for the applicable product data book referred to in this manual.
